

To whomsoever it may concern

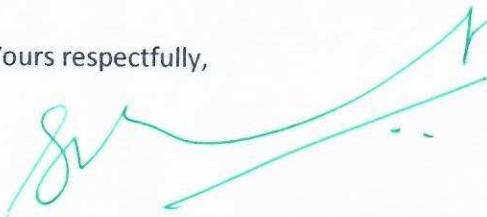

This is Adv K Y Sudheendran, the Founder of Ad Infinitum Legal & Management Services (P) Ltd and a cross boarder experienced legal professional crossed 31years in the segment.

I had the good fortune to be invited as a Chief Guest speaker at **Smartcity Toastmasters** last fortnight for their annual ceremony. **Mr. Deepak Varma** of **Technospirit** is the President at Toastmasters and is the life and soul of the club. It was a 90 minute power packed session with some inspirational speeches led by **Mr. Deepak Varma**. He also presented a 10 minute demo of an advanced project which needed impact and call to action. It was a classic piece of work.

Interspersed in between, I was invited by him to give my session on "**Concise Speaking in the Court of Law**" which was met with a positive appreciation.

All in all, if you are looking to conduct a charged inspirational motivational workshop in any of your contact sphere, connect to **Deepak Varma** of **Technospirit**. He is capable of breathing life into a dead person.

Yours respectfully,

**Adv K Y Sudheendran**
